

The Feld chandelier radiates a strong sculptural presence that makes it a perfect feature light to illuminate dining rooms, lobbies, foyers and stairwells.

As with all of Propellor's wooden light fixtures, the Feld chandelier is crafted from solid North American hardwoods, including walnut, oak, alder and ash. Feld chandeliers are hand-finished with a LEED compliant, low VOC, non-toxic, natural oil finish that brings the beauty of the wood grain to life.

The shape, size, wood type and finish of the Feld wood chandelier can be customized and tailored to suit the specifications of your project. Contact us to discuss how we can design the ideal Feld chandelier for your project.
