## Orée

Orée comes from the French Canadian phrase à l'orée du bois meaning on the edge of the woods. Our Orée modern wood light fixture embodies the visual rhythm of the forest and the warmth of the sun that animates it.

With the Orée collection of LED chandeliers, we have chosen simple, elegant forms that are enriched by the multitude of wooden elements they're composed from.

As with all of our wooden light fixtures, the Orée is made from solid North American hardwoods, including walnut, oak, alder and ash. Orée chandeliers are hand-polished with a LEED compliant, non-toxic, low VOC natural oil finish that brings the beauty of the wood grain to life.
