Serac

Taking its inspiration from luminous intersecting columns of glacial ice, the Serac chandelier combines spare, geometric form and beautifully diffused light. The result is a light that is crisp in form, yet has a soft, diffused appeal lent to it by its multiple layers of translucent material.

The quiet symmetry of the Serac chandelier makes it an ideal feature over dining tables and in living rooms and entryways. The Serac's shape, size, colour and material may be customized to suit any given space.

SERAC SUSPENSION LIGHT

Description:

Suspension style luminaire, ideal in entranceways, over dining tables, bars etc. The fixture shape, size, colour and material are fully customisable. Hanging elements are suspended independently, allowing for subtle animation when exposed to moving air.

Details:

Hanging element materials: Acrylic panels with a soft matte white surface (6mm).

Also available: local wood species (6mm), metals, 3-Form resins others – please enquire for pricing.

Canopy: white, silver, or black powder coated aluminum, custom colours available

Suspension: floating canopy plate direct to ceiling substrate

Environmental:

- acrylic: construction waste management - 100% recyclable, EM: low-emitting material
- wood: renewable material, natural oil and wax finish

Lamp Type:

Medium base 120V, 20W MAX, 3000K dimmable LED lamps supplied

Regulatory Compliance:

All products are inspected and accepted by CSA International prior to shipment. Final acceptance of the approval mark is subject to the requirements of the local Authority Having Jurisdiction.
